

Blue Team Rules of Engagement

During the CANSec cyber defense competition, blue team members must abide by the following rules and all instructions provided by the competition staff at all times.

Blue team members may perform any actions that would be acceptable by an enterprise system administrator on the team's designated network. Additionally, be courteous to everyone involved in the competition and have fun!

Prohibited actions:

- Physically damage equipment or supplies provided by the competition organizers
- Offensive or threatening behavior towards another team or competition staff
- Any action that may be construed as an attack against any person or network
- Whitelist or blacklist IP addresses
- Assistance from mentors or non-public resources
- Possess alcohol
- Smoking/Vaping
- Noise disturbances
